

American
Dental
Assistants
Association

MISSION STATEMENT

“To advance the careers of dental assistants and to advocate for the dental assisting profession in matters of education, professional activities, credentialing and legislation. To promote the ideals and growth of the Association which aid in the accessibility and delivery of quality oral health care to the public.”

ABOUT US

The American Dental Assistants Association, (**ADAA**) is the oldest, largest group representing professional dental assistants in the United States. Its members include:

- Chairside/clinical personnel
- Administrative personnel (office managers, practice managers, receptionists)
- Educators
- Business personnel (dental product sales, insurance)

Founded in 1924, the **ADAA** provides continuing education to dental professionals through home study courses; professional journals; and local, state and national meetings with educational agendas. The Association encourages education, registration and certification for dental assisting professionals while providing a network of personal services for its members.

In most areas, there are also state associations and local organizations for **ADAA** members. Student Membership in the **ADAA** includes membership in the relevant state and local groups as well.
